

Decorative square outdoor wall lamp. With its decorative luminous line in the luminaire housing, this luminaire has a distinctive character beyond its indirect up/down light. Produced from diecast, powder-coated aluminium. Replaceable GU10 light source (included), and dimmable. We recommend using LEDDim400 and LEDDim Smart. Quick installation with wall bracket and separate connector to the lamp, two cable inputs and the ability to have cabling visible or concealed. Can be installed in corners with corner bracket (sold separately).
