

External ceiling luminaire in matte white finish for greater heights. A slightly wider base with gentle taper towards the bottom makes this aesthetically appealing, and its smooth polished reflector provides high levels of light efficiency. Ceres has integrated switches for 3000K/4000K and for 2 lumen levels, means 4 combinations in one product. Easy installation with quick connection. Fits all known roof boxes and is class II, which makes it suitable for refurbishment.

# Ceres
