

Lineal Suspended

Lineal Suspended is a modular system solution for suspended installation. Lineal provides an efficient and uniform lighting experience, and is supplied with both upward and downward lighting. The range comes in the standard colours black and white. The opalprism front on the roll ensures seamless light without joints. SG also delivers customised solutions beyond the standard product range. For each continuous line, you need one or more straight lines and/or corners, a starter kit and a front foil.

Lineal Suspended
