

Lineal Surface

Lineal Surface is a modular system solution for surface mounting, with a perfect, well thought-out design for continuous light in illuminated lines. The efficient lighting solution optimises visual comfort and light quality, and makes Lineal Surface ideal for many applications such as offices, corridors and foyers or as decorative lighting. For each continuous line, you need one or more straight lines and/or corners, a start kit and a front cover. Lineal Surface can be combined with Lineal Cubic Surface/Suspended, enabling creative lighting designs.
