

Junistar Lux Blade

The optimal downlight in the market for indoor use. Leaf springs make them easy to install in concrete ceilings. Junistar Lux IsoSafe Blade emits a balanced, non-flickering light with excellent colour rendering. Its patented, adjustable 30-degree tilt function in all directions is covered by a 10-year warranty. It includes a junction box that provides strain relief for several types of cables, as well as fixation for plastic tubing. Our IsoSafe products can be mounted directly in insulation.
