

Langfoss is a powerful floodlight luminaire suitable for lighting large spaces, transport and storage areas, playgrounds, courts and car parks. Can also be used as facade lighting. Nordic design for Nordic conditions. The sloping top allows snow to slide off, and the bracket can withstand heavy loads. Asymmetrical optics send the light where it is needed, and the mounting bracket can be angled as required. Super simple installation with two-piece mounting bracket with hooks. Die-cast powder-coated aluminium with tempered glass front. Attachment for IP68 protection included. Accessories for flexible installation: post for mounting top, post for mounting sides, corner bracket and extension cable.
