

Retrofit Ring for padding holes up to Ø235 mm. Can be mounted together with different types of Junistar. Retrofit Ring for indoor and outdoor use in powder-coated stainless steel. Rings in brushed steel are only intended for indoor use. The ring is perfect when you are changing luminaire in places where there is an existing hole. The ring allows you to simply and smoothly “refurbish” the ceiling at a low cost. For Junistar Lux, Junistar (not Junistar Eco), Junistar Asymmetric, Junistar Exclusive, Junistar Soft, Jupiter, Jupiter TEK, Soft (not Soft Slim), Uniled, Tube Mini R and Tube Micro R. Retrofit Ring for padding holes up to Ø285 mm. Can be mounted together with all types of Jupiter Pro, Jupiter Pro Soft and Exclusive Midi. Retrofit Ring for indoor and outdoor use in powder-coated stainless steel. The ring is perfect when you are changing luminaire in places where there is an existing hole. The ring allows you to simply and smoothly “refurbish” the ceiling at a low cost.
