

# Outlet, recessed

Range of stylishly designed outlets. Straight lines give the range an exclusive look, and they are available in single, double or triple configurations. Single outlets are available with or without USB-A charger and are mounted in a single wall box. Double outlets are available with or not grounded and in standard or low build height. 1.5 outlets provide an exclusive appearance as they have a low build height, only suitable for 1.5 wall boxes. Standard double outlets offer a sleek design and can be used in both 1.5 and round wall boxes. Triple Euro outlets can be mounted in a round wall box and allow for the use of three Euro plugs.
