

Tube Mini DALI

Zip Tube Mini is a stylish and minimalist spotlight designed for Shoptone, but the universal bracket means that it can also be fitted in the most common 3-phase systems on the market. This model is the smaller version of Tube, with a diameter of 59 mm, which is a more compact model in the product range. The basic design has a black baffle, but the inner ring can be unscrewed and replaced with a white or gold version (accessory). This allows for creative individual designs. The black provides less dazzle, the gold gives a warmer light, and the white reflects the most.
