Rax Soft 200 Connect Wireless

A version of Rax Soft 200, which is combined with a wide range of SG Connect Driver Kit Wireless to provide the desired amount of light. The lighting control is easy to configure using the SG Connect Commissioning App, and the luminaire can be used with a wireless sensor or as part of a larger system, along with other SG Connect luminaires with integrated sensors, which can easily be enlarged or reconfigured as needed. The light is turned on and off after a defined period of time, contributing to energy saving. Rax Soft Connect is installed easily with springs that fit ceiling panels with a thickness of 1–50 mm.
